جوه المزود تلقي سلام) Inside the Manger You Find Peace

Refrain:

Inside the manger you find peace And full joy that fills the heart Inside the manger you find the light Breaking the darkness of the hard night Inside the manger is the sound of bells A voice that consoles in distress and grief Good tidings are announced to all

people The Word was incarnate with love

Inside the manger you find Magi
They left their country and traveled
With the star, their path was guarded
They were not afraid of Herod
They reached their king safely
And their hearts were full of faith
They entered and worshiped the
newborn

In the manager, they felt their existence

Inside the manger a shepherd was watching

All night long to protect his sheep
The angel of The Lord has appeared to
him

Preached his heart and he became joyful
He took his sheep and run quickly
To Bethlehem to see for himself
The most beautiful baby is born
Inside the manger he was there

Inside the manger an elder carpenter
Who was a faithful guard to Mary
He was welcoming all visitors
Who came with many gifts
He left behind his wood and saw
He left behind his hammer and nails
And went to sit by the newborn Baby
Inside the manger he was there

Refrain:

(My church, my church, my church She's my home, she's my mother She's the source of all my joy)2

(When I was a little child
Forty days to be exact
My parents took me with great joy
To the church to be baptized)2
Abouna took me by the hands
And dipped me in a deeper water
That was my baptism
It was a second birth for me

(She raised me since my childhood
In the Sunday school
Joyful with me and I with her
Because my faith in her grew)2
I build my values on her teachings
Aand obey all her guidance
My Lord please take care of her
And bless her forever

(What's best in her is on the altar
The heavenly are there in great glory
The hosts of the angels are singing
Praising our dear Savior)2
We eat His body with great joy
And His blood keeps harm away
In communion we win the kingdom
And life eternal
